Not all of the given AI A and HPAI A statuses of one and the same region can be combined. List of both AI A and HPAI A status pairs, which can be attributed to the same region, is given in the following Table.

Statuses in the descending order of disease freedom level:

- «AI A free without vaccination»,
- «AI A free with vaccination»,
- «AI A unknown without vaccination»,
- «AI A unknown with vaccination»,
- «AI A infected without vaccination»,
- «AI A infected with vaccination»,
- «HPAI A free without vaccination»,
- «HPAI A free with vaccination»,
- «HPAI A unknown without vaccination»,
- «HPAI A unknown with vaccination»,
- «HPAI A infected without vaccination»,

«HPAI A infected with vaccination».
